## EXPERIENCE

### CNC Machinist

#### The Boeing Company

December 2011 – Present, Everett, WA

- Programmed and operated 3-axis CNC routers and mills, expertly entering instructions, setting tool registers and offsets, and performing basic math, geometry, and trigonometry calculations to ensure optimal machine performance and cutting tool life.
- Collaborated with EHS team to develop ergo tools for loading stock, reducing stress on team members and lowering the chance of injury, earning the prestigious Chairman's Safety Cup in 2019.
- Conducted thorough inspections of parts using precision measuring tools such as Micrometers, Calipers, and Depth Mics to maintain quality and accuracy of parts, in accordance with customer-provided drawings and prints.
- Maintained excellent communication and documentation practices to ensure continuity across shifts, including reporting actions taken, irregularities, and ongoing needs.
- Proactively pursued ongoing learning and professional development opportunities, including participation in educational programs and training sessions focused on G-code programming and related topics.
- Evaluated production processes to identify areas for improvement, resulting in a 20% increase in yield and reduced scrap and raw material waste, achieved through consolidation of routing programs and other key process improvements.

### Strength and Conditioning Coach

#### Athlete's Performance Plus

May 2010 – April 2011, Lake Charles, LA

- Educated and trained over 50 athletes on exercise strategies, nutrition, and supplement use to optimize overall physical condition and performance.
- Implemented safety protocols and monitored individual exercises and equipment usage, ensuring a safe training environment and minimizing the risk of sports injuries and facility damage.
- Developed a well-coordinated schedule of practices and individual training sessions, effectively preparing athletes for games and maximizing their potential for success.
- Leveraged evaluation techniques and personal knowledge to assess athlete abilities, strategically assigning players to appropriate positions on teams to optimize performance.

### Assistant Basketball Coach

#### Hamilton Academy

August 2008 – May 2010, Lake Charles, LA

- Conducted and supervised daily practices and player conditioning, ensuring that athletes were well-prepared and in optimal physical condition for competition.
- Developed and implemented effective game strategies and utilized basketball analytics to guide decision-making and enhance team performance.
- Mentored and coached a team of 20+ players, providing guidance and instruction on individual skills and team concepts to promote continuous improvement and success.
- Assessed player skills, closely monitored performance during practices and competitions, and maintained open communication with the head basketball coach regarding athletic performance.
- Provided on-court coaching instruction and coordinated a comprehensive Player Development Program, serving as a valuable resource and continuing education liaison for players seeking to improve their skills and performance.

### United Front Entertainment

#### Digital Marketing

May 2007 – September 2008, Lake Charles, LA

- Orchestrated a successful multi-platform advertising campaign and marketing plan, utilizing website, social media, print, and email channels.
- Drove organic web traffic, social media engagement, and email marketing efforts, resulting in over 300 ticket sales generated.
- Collaborated with the team to craft compelling offers and negotiate with sponsors, contributing to successful partnerships with key stakeholders.
- Proactively identified and secured new relationships with local organizations and businesses, expanding the reach and impact of marketing efforts.
